You could have put the...and I don't even know why I'm protecting the Educational Service Unit right at the moment because they cut me to pieces real good the other day on some very unfortunate children and I'm going to get to them, sooner or later, I'll betcha.

SENATOR BARNETT: I've had that problem, too.

SENATOR DUIS: But I'm not...I'm not going to take an eye for an eye and a tooth for a tooth. If these Educational Service Units want to cut me to pieces, I guess that's their business but what I'm trying to say is we have a statute now which gives the right of purchase, lease-purchase, or lease of real estate to the Educational Service Units with an unlimited time. Now, if you want to put the equipment in there and they want it, that's fine but why repeat the real estate and that in this because I think you are cutting them down to ten years.

SENATOR BARNETT: I think you've got a real good point. I have problems with real estate, too, you know.

SENATOR DUIS: Just the examinations
